

Apollo 450

Oyster

Description

Apollo Series: This cleverly designed fixture with its seamless trim & concealed screws offers this product the diversity of both indoor and or outdoor use. It's IP66 classification allows for insect and weather resistance. The body being made of marine grade die cast aluminium and having a high content of silicone with a UV stabilised hi impact polycarbonate diffuser, not only makes it a great choice for coast locations, but it can be made vandal resistant as well.

Specification

Code	LS0100-01-30ND40X
Mounting	Surface Ceiling or Wall
IP	66
Light Source	LED – CLE G3
Input Voltage	240v 50Hz
Full Systems	30.4w
<u>Luminous Flux</u>	
Opal Diffuser (O)	2447 lm
CCT	4000K (Optional: 3000K)
CRI	>80
Diffuser	Satin opal hi temp polycarbonate polymer, fire retardant, UV stabilised, chemical and oil resistant, non-toxic plastic
Beam Angle	117.3°
Driver	Integral 500-1400mA constant current non-dim. (Optional – DALI, DSI dimming.)
Power Factor	>0.9
Product Finish – (X)	Exterior grade polyester powdercoat (1 White /2 Silver or 3 Black Others colours available upon request)
Dimensions	450mm Ø x 116mm (W)
