

Internal, Recessed Plaster Luminaire

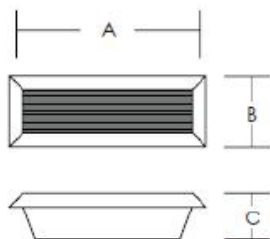

Description

Zee Light:

This stylish little fixture was specially designed to illuminate interior corridor walkways, offering adequate amount of lighting to see where one is walking without harsh excessive lighting. Its shallow depth allows it to fit into tight wall or ceiling cavities. Having 4 torsion springs gives it the resilience to hold itself into plasterboard.
(Also available with Louvre)

Specification

Code	LS0700-000-9.9wLED-EL-10
Mounting	Recessed Wall or Ceiling
IP	20
Light Source	LED LLE
Input Voltage	240v 50Hz
Wattage	5.9w
Chip Lumens	910lm
